150 CHECK POINTS. 150 REASONS TO RELAX.

Certification & Inspection Process

150 With a Mazda Certified Pre-Owned vehicle, peace of mind rides shotgun. You can relax, secure in the knowledge your Mazda has passed a comprehensive 150-point inspection. Every system—mechanical, electric, safety, cooling—is scrutinized to the nth degree. Our factory-trained technicians give your Mazda the same in-depth examination they would as if it were their own. It's the best way to make sure your vehicle not only looks like a new Mazda, but performs like one too.

We take this inspection very seriously. If a vehicle does not measure up to our uncompromising standards, it undergoes a thorough reconditioning. That way, we know that it not only meets Mazda standards, but yours as well.

It covers a wide variety of vehicle systems and components, with no deductible. That means you can drive worry free knowing that Mazda dealers nationwide will repair or replace any covered part with no out of pocket cost to you. See dealer for complete details.

Vehicle History Report

Just to make sure there are no skeletons in the glove compartment, each Mazda Certified Pre-Owned vehicle comes with a free AutoCheck® vehicle history report by Experian. It provides valuable information on ownership history, registration information and checks for potential problems such as frame, fire or water damage, lemon law claims, odometer issues and more. It lets you see that you're getting a quality Mazda that meets or exceeds expectations. Both ours and yours.
